

## North Perth's quality of life is unsurpassed

*North Perth is one of the finest places to locate or expand an industry or business!*

*Over 300 local businesses serve an area population of over 40,000 people. The municipality is a major financial centre with numerous banks, trust companies and financial services representatives.*

*Located at the junction of two major highways, 86 and 23, 30 minutes northwest of Waterloo and 90 minutes from Toronto, North Perth is the local commercial and manufacturing hub for a wide area.*

*North Perth offers a hard-working and skilled labour pool. The workforce has a strong work ethic and a tremendous loyalty to employers.*

*In terms of quality of life, North Perth is unsurpassed. We boast affordable housing and low taxes in our rural and small urban area. Despite our small-town status, we possess many large city amenities. There is a modern hospital and medical community. Quality education is offered in our elementary and secondary schools. Shopping and restaurant opportunities are abundant. We are committed to reducing our carbon footprint and enhancing the environmental sustainability of our community.*

*A vast array of recreation activities for all ages and abilities is available at a reasonable cost.*
